ISTRUZIONI PER L'USO DEL CATALOGO

Le tavole illustrate rappresentano i singoli particolari e servono anche da guida per il montaggio.

I disegni racchiusi entro linee tratteggiate illustrano particolari non più in produzione che, tuttavia, possono essere forniti.

A ciascuna tavola di disegni corrispondono una o più pagine, contenenti prospetti su tre colonne, in cui sono, rispettivamente, indicati:

- 1a colonna: il numero di riferimento che, sulla tavola, contrassegna il pezzo o il gruppo.
- 2a colonna: il simbolo del pezzo, o del gruppo, che deve sempre essere trascritto per intero sugli ordinativi.
- 3a colonna: la matricola della prima macchina dalla quale ha avuto inizio il montaggio del particolare contraddistinto dal simbolo a fianco. Se non è indicato alcun numero di matricola, ciò significa che il particolare non ha mai avuto modifiche. Quando sono indicati due numeri di matricola separati dal segno \div, ciò significa che il montaggio del corrispondente particolare ebbe inizio con la macchina cui corrisponde la prima matricola e cessò con la macchina cui corrisponde la seconda. Quando invece accanto al numero di riferimento figurano più simboli racchiusi da una graffa, si rende necessario per quel campo di matricole indicato, sostituire oltre al pezzo indicato in figura, anche gli altri corrispondenti ai simboli racchiusi dalla graffa stessa.

NOTA — Periodicamente, a mezzo di Bollettini Tecnici, verranno comunicate le successive modifiche e gli aggiornamenti con le relative istruzioni.

NELLE RICHIESTE DI ACCESSORI E RICAMBI FARA' FEDE ESCLUSIVAMENTE IL SIMBOLO COSI' COME INDICATO NEL CATALOGO.

INSTRUCTIONS FOR USING THE CATALOGUE

The illustrated tables show the detached parts and the manner in which these are to be assembled.

The drawing surrounded by short dashed lines illustrate parts which are no longer produced but which can still be supplied.

One or more pages correspond to every table of drawings. In these pages there are three columns which give the following information:

- First column: Indicates the reference numbers of parts or groups of parts shown in the table.
- Second column: indicates the symbols of the parts or groups of parts, which symbols are always to be wholly mentioned in your orders.
- Third column: indicates the serial number of the first machine in which the particular part was first assembled. If no serial number is shown, the part concerned has never been modified. When are given two serial numbers separated by the sign \div , this means that the assembly of the part concerned was begun with the machine corresponding to the first serial number and was ended with the machine corresponding to the second serial number. When, on the other hand, beside the reference number there are more symbols united by a brace, it is necessary, for the field of serial numbers indicated, to replace, in addition to the part shown in the figure, also the other parts corresponding to the symbols in the brace.

REMARK — All future modifications will communicated periodically by means of Technical Bulletins together with relative instructions.

IN ACCESSORIES AND SPARE PARTS ORDERS, ONLY THE SYMBOL NUMBERS CORRESPONDING TO THOSE LISTED IN THIS CATALOGUE WILL BE CONSIDERED VALID.

INSTRUCTIONS POUR L'USAGE DU CATALOGUE

Les tables illustrées montrent les pièces détachées ainsi que la façon de les monter. Les dessins entourés de pointillés illustrent les pièces qui ne sont plus produites mais que nous pouvons encore fournir.

Une ou plusieurs pages correspondent à chaque table de dessins. Ces pages se divisent en trois colonnes, comme suit:

- 1ère colonne: cette colonne présente les numéros de repère qui, sur la table de dessins, indiquent les pièces ou les groupes de pièces.
- 2ème colonne: présente les symboles des pièces ou des groupes des pièces. Ces symboles doivent toujours être copiés tout au long sur les commandes de pièces de rechange.
- 3ème colonne: présente les numéros-matricule de la machine à coudre à partir de laquelle nous avons commencé le montage de la pièce indiquée par le symbole en question. Si aucun numéro-matricule n'est indiqué, on doit conclure que la pièce en question n'a jamais subi de modification. Lorsqu'on rencontre deux numéros-matricule séparés par le signe \div , on doit conclure que le montage de la pièce dont il s'agit a commencé avec la machine indiquée par le premier numéro et qu'il s'est terminé avec la machine indiquée par le second numéro. Lorsqu'on rencontre, au contraire, près du numéro de repère divers symboles insérés dans une accolade, il est nécessaire, pour le domaine de numéros-matricule indiqués, de remplacer en plus de la pièce indiquée sur la figure aussi les autres pièces qui correspondent aux symboles insérés dans l'accolade.

REMARQUE — Nous communiquerons périodiquement, au moyen de Bulletins Techniques, toutes les modifications et innovations futures en les accompagnant de nouvelles instructions.

LORS DE L'EXAMEN DE VOS COMMANDES D'ACCESSOIRES ET DE PIÈCES DE RECANGE, NOUS CONSIDERERONS VALABLES LES SYMBOLES QUI CORRESPONDENT PARFAITEMENT A CEUX DE NOTRE CATALOGUE.

ANLEITUNG ZUM GEBRAUCH DES KATALOGS

Die Tabellen mit den Zeichnungen stellen die einzelnen Teile dar und dienen gleichzeitig als Anleitung für den Einbau. Die von gestrichelten Linien eingeschlossenen Teile werden nicht mehr hergestellt, können jedoch auf Anforderung noch geliefert werden. Jeder Tabelle mit Zeichnungen entsprechen eine oder mehrere Seiten mit Übersichten bestehend aus je vier dreispalten. Diese bedeuten:

1. Spalte: Die Bezugs-Nr., mit der auf der Tabelle die Abbildung des entsprechenden Teiles oder der entsprechenden Gruppe bezeichnet ist.
2. Spalte: Die Kenn-Nr. des jeweiligen Teiles oder der jeweiligen Gruppe, diese muss bei Bestellung stets vollständig angegeben werden.
3. Spalte: Die Fabrik-Nr. der ersten Maschine, bei der der Einbau des mit der nebenstehenden Kenn-Nr. bezeichneten Teiles begonnen hat. Ist keine Fabrik-Nr. angegeben, so bedeutet das, dass dieses Teil nie geändert worden ist, d. h. seit Beginn der Produktion in derselben Form eingebaut wird. Werden dagegen zwei durch das Zeichen \div getrennte Fabriknummern angegeben, so bedeutet das, dass der Einbau des entsprechenden Teiles mit der Maschine begonnen hat, die die erste Fabrik-Nr. trägt, und mit der Maschine aufgehört hat, die die zweite Fabrik-Nr. trägt. Stehen dagegen neben der Bezugs-Nummer mehrere von einer Klammer zusammengefasste Kenn-Nummern, so müssen in dem entsprechenden Fabrik-Nummern-Bereich ausser dem in der Abbildung dargestellten Teil auch die anderen durch die Kenn-Nummern in der Klammer bezeichneten Teile ausgewechselt werden.

ANMERKUNG: In regelmässigen Abständen werden in unseren «Technischen Mitteilungen» die laufenden Abänderungen und technischen Neuerungen mit der entsprechenden Gebrauchsanleitung bekanntgegeben.

BEI BESTELLUNG VON ZUBEHÖR ODER ERSATZTEILEN IST AUSSCHLIESSLICH DIE KENN-NR. WIE IM KATALOG ANGEGEBEN, ZU NENNEN.

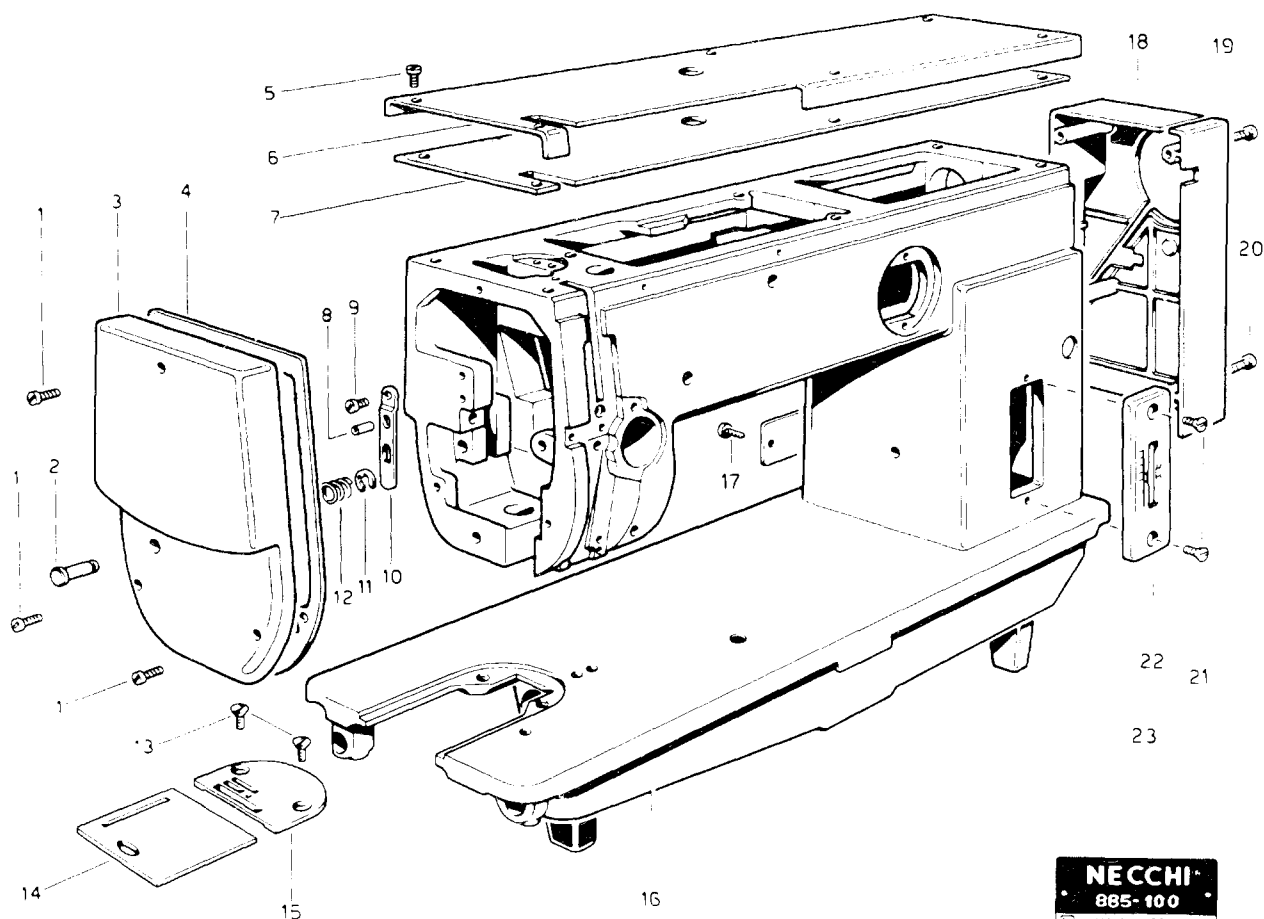

INSTRUCCIONES PARA CONSULTAR EL CATALOGO

Las tablas aquí ilustradas representan cada una de las piezas de la máquina y sirven también de guía para el montaje. Los dibujos contenidos entre líneas de rayas se refieren a piezas que ya no se fabrican pero que, sin embargo, pueden suministrarse a petición. A cada tabla ilustrada corresponden una o más páginas con prospectos de 3 columnas las cuales, respectivamente, indican:

- 1a Columna: el número de referencia que, en la tabla, distingue la pieza o el grupo.
- 2a Columna: el símbolo de la pieza, o del grupo, que debe escribirse siempre, y por entero, en los pedidos.
- 3a Columna: la matrícula de la primera máquina a partir de la cual se ha iniciado el montaje de la pieza marcada por el símbolo al lado. Si no está indicado ningún número de matrícula, ello quiere decir que la pieza nunca ha sido modificada. Si por el contrario, aparecen dos números de matrícula separados por la señal \div , significa que el montaje de la pieza relativa inició con la máquina a que corresponde la primera matrícula y cesó con la máquina a que corresponde la segunda. Cunda al lado del número de referencia aparecen más símbolos encerrados por un corchete, es necesario, para todas las matrículas indicadas, substituir además de la pieza indicada en la figura, también las otras relativas a los símbolos encerrados por el mismo corchete.

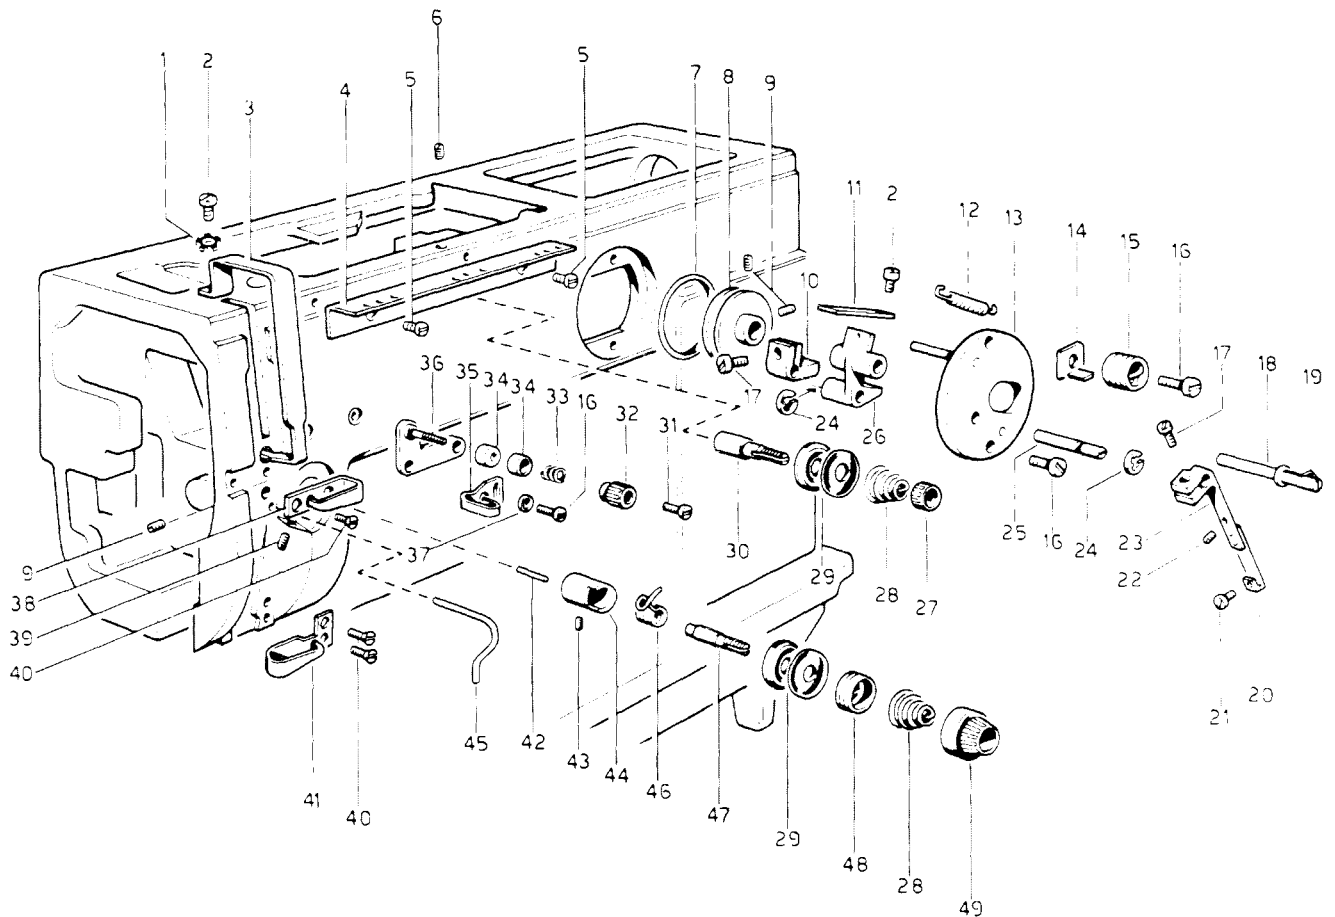

NOTA — Periódicamente, y a través de Boletines Técnicos, se comunicarán las sucesivas modificaciones e innovaciones con sus relativas instrucciones.

EN LOS PEDIDOS DE ACCESORIOS Y PIEZAS DE REPUESTO CONTARA EXCLUSIVAMENTE EL SIMBOLO TAL Y COMO APARECE EN EL CATALOGO.

<div> <div>SOTTOCLASSI</div> <div> <p>Nno è stato possibile indicare a fianco dei simboli le matricole corrispondenti all'inizio del montaggio di parti modificate perchè molte trasformazioni sono state fatte in tempi successivi alla immatricolazione delle macchine-tipo e spesso al di fuori del nostro stabilimento e dal nostro controllo.</p> </div> </div> <div> <div>SUB-CLASSES</div> <div> <p>It has not been possible to indicate beside the symbol numbers the serial numbers corresponding to the beginning of the assembly of modified parts because many modifications have been carried out after the numeration of the basic model machines and this often outside our factory and consequently without being controlled by us.</p> </div> </div> <div> <div>SOUS-CLASSES</div> <div> <p>Il n'a pas été possible d'indiquer à côté des symboles les numéros-matricule qui correspondent au commencement du montage de pièces modifiées car un certain nombre de modifications ont été faites après le numérotage des modèles de base et ceci même à l'exterieur de nos usines et par conséquent sans aucune possibilité pour nous d'en effectuer le contrôle.</p> </div> </div> <div> <div>UNTERKLASSEN</div> <div> <p>Im Falle der Unterklassen ist es nicht möglich gewesen, neben den Kenn-Nummern die jeweilige Fabrik-Nummer der ersten Maschine anzugeben, bei der das abgeänderte Teil eingebaut worden ist; denn viele Maschinen des Grundtyps sind in Unterklassen umgebaut worden, nachdem die Maschinen bereits mit einer Fabriknummer versehen worden waren, und häufig fand der Umbau ausserhalb unseres Werkes und ohne unser Wissen statt.</p> </div> </div> <div> <div>CLASES DERIVADAS</div> <div> <p>No fue posible indicar al lado de los simbolos las matrículas a partir de las cuales se empezó el montaje de las piezas modificadas puesto que muchas modificaciones se efectuaron en tiempos sucesivos a la inscripción en matrículas de las máquinas-tipo y a menudo fuera de nuestro establecimiento y de nuestro control.</p> </div> </div>
